

DEPARTMENT OF EDUCATION OF PORTO RICO  
Office of the Commissioner  
San Juan

Circular Letter No. 96.

March 27, 1913.

To Supervising Principals.

Gentlemen:-

Please call the attention of all the teachers to the importance of filing their medical certificates early so as to avoid the possibility of delay in the election of teachers.

Also see that the teachers thoroughly understand that the certificates are to be forwarded to the Department through the offices of the Supervising Principals. It is expected that all teachers will comply with this part of the regulations. Persons who are not teaching should send their certificates directly to the Department.

Hold all the certificates of the teachers until you forward the form "q" reports. Arrange the medical certificates in the same order as the corresponding names appear on the form "q" and forward in the same mail, but under separate cover.

If you need more blanks for the teachers please make a requisition for them at once.

Yours very truly,

(Signed) E. M. Bainter  
Commissioner of Education
